8th INTERNATIONAL CONFERENCE

**April 14 -15, 2010
Erlangen, Germany**

1st Announcement

LFT Chair of Manufacturing Technology

**Friedrich-Alexander-Universität
Erlangen-Nürnberg**

Objectives

In many cases the success of products depends strongly on the properties of the outermost layer, which can be significantly enhanced by suitable coatings.

The 8th International Conference THE Coatings focuses on thin hard coatings and their applications. This conference brings together professionals from industry and academia to present and discuss latest developments around hard coatings in manufacturing processes and on innovative products.

Conference Topics

- Coating Process
 - New Materials
 - Technology
 - Surface Treatment
- Tribology / Properties
 - Numerical Simulation
 - Testing Methods
 - Models
- Manufacturing / Products
 - Forming Tools
 - Cutting Tools
 - Bearings and other Products

International Scientific Committee

Prof. F.-W. Bach, Germany

Prof. K.-D. Bouzakis, Greece

Prof. B. Denkena, Germany

Prof. M. Geiger, Germany

Prof. M. Merklein, Germany

Prof. H. K. Tönshoff, Germany

Proceedings

Authors are invited to contribute original papers dealing with the conference topics. The Programme Committee will peer review all submitted papers. All accepted papers will be published in a special issue of **Key Engineering Materials**. Although a copyright transfer form has to be filled out, **“authors retain the right to publish extended, rewritten or updated versions in other places”**.

All papers have to be presented during the conference. The conference language will be English.

Call for Papers

Full camera ready papers have to be submitted to the conference secretariat before **October 21st, 2009**. These papers will be reviewed by the International Programme Committee.

Download of templates and paper submission is possible online using the conference website. If any problems occur, you can also send the paper to the conference secretariat via E-mail.

The conference will take place in Erlangen, which is located in northern Bavaria (Germany), about 20 km north of Nuremberg and about 200 km north of Munich. Erlangen offers a large number of hotels ranging from small cozy family run hotels to international standard first class hotels. Special rates for delegates will be available.
